Coach Whitey Althoff will take six of his Little Giant track performers to the state meet in Columbus, last event on the annual spring cinder program, this weekend.

Dave Brocksieker, who won the 440 dash and Elmer Nickel, second in the discus throw, at the district meet last Saturday, have been entered in those two events and will go to Columbus Friday for the preliminary trials.

The 880-yard relay team, which also placed second in the district, will run Saturday, but Coach Althoff was uncertain as to its personnel. ### State Titles In Base- ball, Track, Tennis And Golf To Be Decided

COLUMBUS, O., May 23.—UP —Fair weather greeted Ohio schoolboy athletes today in their drive for state high school championships in track and field, baseball, golf and tennis after nature had given them a miserable start in Friday's preliminaries.

Trackmen started on a day-long program of 14 events, with Springfield and Cleveland East Tech the favorites in the Class A division and the Ohio Soldiers' and Sailors' Orphans' Home of Xenia the top-heavy favorite in Class B. East Tech, which shared the track title with Cleveland Heights a year ago, qualified four men in yesterday's five preliminary speed events. Springfield, second last year, qualified five men.

#### Favorites Win

Xenia Oso Home, which has won two consecutive championships in the lower division, qualified only one athlete in the preliminary events but that was largely due to the fact that its strength lies in events in which no qualifying trials were necessary.

The first round of play in the state baseball tournament left Marion Harding, Tiltonsville, Greenfield and Columbus North
