Lytle Leads Ross Runners To District

MANSFIELD — Fremont Ross' Rob Lytle provided the major upset in the Class AAA sectional track meet at Mansfield Malabar High School Saturday.

Lytle, who is only a sophomore, sprinted past the rest of the field to win the 100-yard dash and qualify for this Saturday's district competition at Bowling Green State University.

Lytle will be joined in the district fold by Earl Smith (880), the mile relay team, Tom Liggins and Chuck Miller (shot put) and Tom Nighswander (discus).

"Lytle was the big surprise," Ross head coach Ron Brant said, "we figure most of the other kids could place in the top three and get a trip to the district."

"Thursday we changed Lytle's starting blocks — I think it made a big difference. He really exploded out of there at the start. He told us the new way the blocks were set also felt good to him."

Miller provided a mild surprise for the Little Giant coaching staff. He placed third with a 48-3 distance.

"We knew he was capable of qualifying," Brant said, "but his distances haven't been very good this season. Last year he threw over 50 feet in one meet. This was his best distance this spring. Chuck seems to be coming around. We hope his improvement continues."

Smith, who was a state qualifier last spring, finished first in his specialty. He ran a 1:59.0, six-tenths of a second faster than Findlay's Dennis Barnes, who placed second.

"Earl looked real good," Brant said. "He was smooth and relaxed. He told us later that he felt good after the race."

Nighswander finished behind Sandusky's long-throwing duo of Mark Deming and Bob Rodgers in the discus. Deming hurled the platter 176-5½. Rodgers checked in with a toss of 166 and Nighswander's best was 163-11, two inches better than his previous school record.

The mile relay quartet of Bill Burkett, Tom Pitts, Claude Price and Smith finished in second place, three-tenths of a second behind Sandusky.

"We were behind by about six yards at the last exchange," Brant said. "Smith made up five of those yards but the fellow from Sandusky just had too big of a lead for Earl to make up in that distance."

The Ross-Sandusky duel in the mile relay was the third such matchup between the two Buckeye Conference foes in 11 days. Sandusky won the first and third matches and Ross took the second.

"That means it should be our turn to win next week," Brant said hopefully.

A victory will be almost a must for all of the Little Giants, who have qualified for district. Only the top two finishers qualify for the state competition at Ohio Stadium the following weekend (May 21-22).

"At the district level the difference between the good and very good competitors becomes evident," Brant said. "We will have to give our best performances of the season to get to Columbus."

The Ross 880-yard relay team and Claude Price, who runs the 440, barely missed a district ticket. The top three finishers in each event earned the trip to Bowling Green.

The 880 foursome finished fourth, five-tenths of a second behind Lima Shawnee. Ross had a 1:33.5. Sandusky turned in a 1:30.2 to win the event.

"We loaded up a little bit by inserting Lytle and Burkett into the lineup," Brant said. "We were in the slow heat because our best previous time this season wasn't good enough to get us in the fast heat. We won the heat but the time still wasn't good enough to place in the top three."

"I think if we were in the faster heat we might have placed in the top three. The fellows would have been pushed harder."

Price also finished fourth. He had a 51.2 clocking compared to a 50.9 for Mansfield Malabar's Tom Baker, who finished third.

"Price was out in the seventh lane," Brant said, "but that really can't be used as an excuse because Port Clinton's Alex Tucker won the race and he was in the eighth lane."

Tucker was timed in 50.0.

Other Ross place winners were Mike Tooman and Miller. Tooman took a fifth in the pole vault and Miller was fifth in the discus.

In the team race, Ross finished a distant second behind Sandusky. The Blue Streaks, who amassed an amazing 122 points, had eight first places. Ross finished with 82.

"We weren't even thinking about the team race but it sure was nice to finish second," Brant said. "I told the kids our main ambition in the sectional was to place in the top three in each event. We weren't thinking much about the team standings because there wasn't anything at stake for the second or third place teams. We knew Sandusky would win the meet. They have too much strength for a meet of this nature."

Mansfield Senior (41), Findlay (39) and Lima Senior (31) completed the top five. A total of 17 schools participated.

Sandusky had three field event victories. Bob Crabb (pole vault) and Velma Evans (long jump) joined Deming in the winner's circle.

Crabb also won the 180-yard low hurdles. Osmond Pearson won the mile run and Bob Fair took the two mile to add to the Blue Streaks' victory total.
